I enclose copy of a letter addressed to the Sub Collector, Hospet, regarding the suspension of February kist in 6 villages of Hospet taluk adjoining the Bellary taluk and forming part of the same famine area. The material is not sufficient for a case for the orders of the Board of Government or even for mine. The decision, however, has to be taken at once, and can only be taken by the man on the spot, the Sub Collector, who is now engaged on the inspection of the crops.

Ref:- Your letter C.No. 55/32 dated 15-1-32.

Your promised to send up before 25-1-32, definite proposals regarding the postponement of kists in 6 villages of Kampli firka after inspecting the crops; but your report has not yet been received. Please expedite it.

2. According to B.S.O. 14 para 3 any suspension of the collection of revenue must relate to a definite kist. The January kist (8 annas) is over and it cannot now be suspended. However since the Tahsildar's preliminary report is that the out-turn is from two to three annas it is probable that the Government will be moved to remit the remaining 8 annas as in the case of the adjoining similar tract in the Bellary taluk. Therefore, subject to the Board of Revenue's control, I authorise you if satisfied on personal and thorough inspection that the Tahsildar's estimate is correct, to delay collecting the February kist till Board and Government's orders are received.

ASSESSMENT - Land Revenue - Fasli 1341 - H pet Taluk - 6 villages - remission proposals.

Reference.- Board's Ref.No.H.705/32-1, da the 4th February 1932.

The enclosed statement shows the outturn of both mungari and hingari crops in the six villages of Kampli firka, Hospet Taluk. The Sub Collector has inspected all of them. The average outturn is 3 annas in Jeeriganur and 2 annas in the remaining 5 villages. Hampadevanahalli, Gonahal, Sugganahalli and Jeeriganur have small wet ayacuts under Daroji tank or Narivanka channels, but dry cultivation is the mainstay of all these villages. The hingari crops failed completely These villages border on Bellary taluk and conditions are similar to those in Bellary taluk. In 1927 the dry assessment in these villages was postponed to the next fasli/ Vide Board's Ref.H.339/27-7, dated 4-3-1927. Last year tirvakammi remission was granted in the case of the wet lands in Hampadevana-halli, Gonahal and Jeeriganur as the crops suffered
